About Us

ABOUT US

Psyuni Institute of Psychology & Allied Sciences (PIPAS) is committed to advancing psychological education and providing high-quality mental health services.

OUR APPROACH

- Evidence-based practices
- Activity-oriented, experiential workshops
- Age-appropriate, culturally relevant content
- Qualified practitioners with school experience

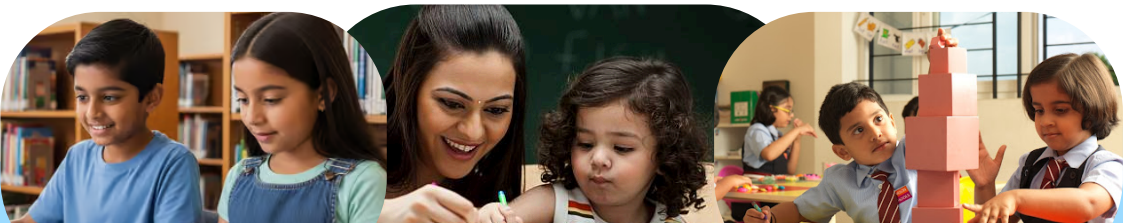

BENEFIT FOR SCHOOLS

- Enhanced student well-being and performance
- Better teacher-student relationships
- Reduced behavioural challenges
- Improved parent-school engagement

OUR VALUES AND PRINCIPLES

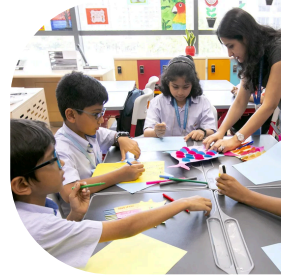

We stand by the following values and principles:

- We value and respect all individuals.
- We encourage personal growth, learning, independent decision-making, and self-advocacy.
- We strive for equal access to education, work, leisure, and relationships in the community.
- We encourage creativity, flexibility, and collaboration.
- We value both individual and organizational learning.
- We promote open and effective communication.
